

Winter Driving

Estimated time to complete: 20 minutes

Course Description

SafeSchools Winter Driving course is a concise tutorial designed for any school employee who drives a district or school vehicle including both professional and nonprofessional drivers. The course content outlines special considerations for district employees driving in inclement winter weather. *Winter Driving* includes real world, school-based driving scenarios to help keep you and others safe when you're driving in snow and ice.

Common Themes

- Reviews the particular hazards of winter driving
- Covers strategies for avoiding winter driving accidents
- Identifies physical limitations of vehicles as they relate to winter driving
- Covers skid avoidance, control, and recovery

Author

Patrick Fitzpatrick is a fifteen-year veteran of the Washington State Patrol where he served in many capacities including Police Pursuit Academy Instructor and Safety Education Officer and won acclaim for his innovative programs and public education courses. Currently serving as Director of Risk Management, Safety, and Security Services for the Northshore (Washington) School District, Patrick is President of "Compass - A New Direction In Driving", a LLC that provides vehicle operator training systems to both the public and private sector throughout the United States and Canada.

Training Environments

SafeSchools is ideal for a blended learning environment, complementing in-service or video training, or as a stand-alone training course. The *SafeSchools* approach engages the learner in an e-learning environment; while a Compliance Management System automatically tracks his/her progress through the courses. This assists the district administrator or training coordinator in demonstrating compliance.
